What is REIF Fukushima 2016?

The largest regional exhibition which is specializing for the renewable energy industries. The largest scale event ever!

Variety of events that lead directly to industry-academia-government collaboration and business

- Seminars: Examples of advanced technologies from companies and research institutes in Japan and overseas
- Matching support: Manufacturers’ trade exchange, Exhibitor’s presentation
- Field trip: Fukushima Renewable Energy Institute (FREA), National Institute of Advanced Industrial Science and Technology (AIST), Fukushima Airport Solar Park (Exhibition and evaluation of 30 panels and stands by 10 countries/regions)

- Scale of exhibition/visitors
  - Number of exhibitors: 176 companies/groups in 282 booths
  - Number of visitors: Total: 6,369 people

- Fields of interest (multiple answers allowed)
  - Solar energy, solar heat 22.6%
  - Hydropower, biomass 14.8%
  - Composite 11.3%
  - Batteries, EMS 7.2%
  - Wind power 13.7%
  - Geothermal energy, ground source heat energy, energy conservation 13.6%
  - "Monozukuri" manufacturing 2.1%
  - Schools, municipalities, support organizations 9.7%
  - Other 5.0%

- Purposes of visiting (multiple answers allowed)
  - To learn about industry trends (to gather information) 34.4%
  - Interested in events (seminars) 17.6%
  - Existing business with exhibitors 20.8%
  - Other 4.3%

- Results of business meetings
  - Made new business contacts: 11,705 cases at an average of 66.5 cases per group
  - Purpose: product/technology information, discussions, applications, or agreements for meetings

- Level of satisfaction
  - Very satisfied 30.7%
  - Moderately satisfied 51.6%
  - Neutral 14.7%
  - Not satisfied 2.6%
  - Not satisfied at all 0.4%

Access

Big Palette Fukushima
2-62 Minami, Koriyama, Fukushima 964-8115
Phone: 0245-40-1015 Email: info@fukushikouhuu.com

Fukushima is working toward new industrial clusters.
- November 19 (Sat): Robot Festa Fukushima 2016
- November 25 (Fri) to 26 (Sat): Medical Creation Fukushima 2016

For Fukushima to become a pioneer in renewable energy

"Smart power strips from Fukushima and our efforts to visualise power consumption with the technology"
Masayuki Hisada
President and CEO of Aizu Laboratory, Inc.

"Production of biogas from agricultural ecosystems and potential utilisation of fallow land"
Jan Smis
Professor of the Graduate School of Public Policy at the University of Tokyo

4. "Development of an ultrahigh-resolution offshore wind atlas for Northeastern Japan"
Susumu Shimada
President and CEO of Aizu Laboratory, Inc.

Mr. Jin Mayama, author of the NHK Saturday TV drama Hagetaka, will examine the possibility of geothermal power generation, a clean energy that will change our future.

"Fukushima is pursuing collaboration with NRW, Germany"
Dirk De Ruyver
CEO of Entrade Energiesysteme AG

2. "Presentations by NRW, Germany"

"An energy shift and a power-to-gas project in NRW, Germany"
Jürgen Ulbig
CEO of Entrade Energiesysteme AG

"Introduction of eight exhibitors from an advanced region, NRW, Germany"
Dr. Frank Middelberg
Representative of Energy Agency NRW (Company is exhibiting)

13:00 – 14:10
Convening Hall A (1/F)

REI Keynote Speech
"Think about the future of Fukushima: Renewable energy and population issues"
Mr. Hidetsugu Matsuda, who served as Chairman of the Working Group on Population Decision at the Japan Policy Council, will talk about the future of Fukushima, focusing on renewable energy and population issues.
Hidetsugu Matsuda
President of the Graduate School of Public Policy at the University of Tokyo

7. "The latest topics about hydrogen energy technology"
Hirohide Furutani
Deputy Director of the Renewable Energy Research Center
National Institute of Advanced Industrial Science and Technology (AIST)

10:30 – 12:00
Convening Hall A (1/F)

Seminars for international economic exchange (Part I)

1. "Collaboration between NRW, Germany and Fukushima in the field of renewable energy"

"Fukushima is pursuing collaboration with NRW, Germany"
Kazuhiro Yoshida
Industry Undersecretary-General of the Japan Federation of Fukuoka Prefecture

"Interviews with Dr. Naohiro Masuda, Deputy Director of the Japan Policy Council"
Dr. Naohiro Masuda
Deputy Director of the Japan Policy Council

2. "Presentations by NRW, Germany"

"An energy shift and a power-to-gas project in NRW, Germany"
Jürgen Ulbig
CEO of Entrade Energiesysteme AG

"Introduction of eight exhibitors from an advanced region, NRW, Germany"
Dr. Frank Middelberg
Representative of Energy Agency NRW (Company is exhibiting)

10:30 – 12:00
Convening Hall A (1/F)

Seminars for international economic exchange (Part I)

1. "Collaboration between NRW, Germany and Fukushima in the field of renewable energy"

"Fukushima is pursuing collaboration with NRW, Germany"
